Pennsylvania Chapter

Calling All Teachers!

Attend a one-week professional development workshop this summer – at no cost to you!

ASM MATERIALS CAMP[®] 2016

MATERIALS CAMP[®]
ASM MATERIALS EDUCATION FOUNDATION

Millersville University
Millersville, PA
July 25 - 29, 2016

Who should attend?

High school general science, chemistry, physics, math and technology teachers
Middle school physical science teachers

Why attend?

Learn how to engage your students using simple, low-cost experiments that you can integrate into your existing lesson plans
Help your students discover career opportunities in science and engineering

“I am feeling inspired about trying new activities. In addition I feel renewed having listened to how my peers use activities and how they overcome administrative/parental obstacles. The instructors worked very hard to model the atmosphere that we should provide in our classrooms that leads students to inquiry, and discovery. THINKING and DOING, not facts and multiple choice answers.”
(Anne Bleistine, Lancaster Catholic HS, Millersville, PA Teachers Camp 2014)

Everything is FREE: 4 CEUs, Pennsylvania Act 48 credits, materials, lunches & snacks

Graduate credits available! Two (2) graduate credits available (at participant's expense) through the University of Missouri-Kansas City at \$250. (This is optional.)

How to apply:

<https://www.surveymonkey.com/r/RGCTMPZ> or visit www.asmfoundation.org.
